HQ Sweet Sixteen®

16" LONG ARM QUILTING MACHINE for SIT-DOWN USE

If you love to free-motion machine quilt but struggle to fit your project in a small throat space, you're going to love the HQ Sweet Sixteen®. Sixteen inches of throat space gives you room to quilt even a king-size quilt. The smooth surface of the included table allows your project to glide under the needle. The powerful motor handles quilting with ease and stitches up to 1500 stitches-per-minute. Choose your three favorite top speed settings, on the easy-to-use color touch screen and let the machine remember them.

TURN YOUR UFO'S INTO FINISHED QUILTS

There was a real need for quilters, like you and me, to have a quilting machine with long-arm capabilities but at an affordable price. After years of development, we created the HQ Sweet Sixteen. With simple and easy-to-use features, this machine will allow you to create and finish more projects than ever before. ~ Mark Hyland, CEO

HQ Sweet Sixteen

HQ SWEET SIXTEEN. FASTER QUILTING AND MORE SPACE TO QUILT

- Full 16" of throat depth provides more than 3 times the quilting space of domestic sewing machines, with over 8" of vertical space
- Smooth table surface assures even quilting
- Speeds up to 1500 precision stitches-per-minute
- High-speed rotary hook with large capacity "M"-class bobbin
- Hopping foot prevents fabric movement during a full-stitch cycle

MORE FEATURES AND OPTIONS THAN THE OTHER

- Handles any thread: cotton, polyester, rayon, metallics, holographic, etc. Use larger threads for bobbin work
- Set your top speed using the intuitive adjustable color-touch screen. Save your preferred speed settings with 3 customizable pre-sets. You can save one speed setting for slow, controlled quilting, one for free-motion and yet another for fast all-over designs
- Change needles easily with Thumb Screw Needle Screw
- Use Half-Stitch for basting or walking stitch
- Responsive foot pedal with half-stitch control
- Innovative Light Ring illuminates the quilting area with 28 LEDs
- Use HQ Rulers for perfect stitch-in-the-ditch and curved quilting lines
- Adjustable Color-Touch Screen includes:
 - Customizable speed control with 3 customizable settings
 - Stitch counters: Lifetime and resettable Trip Meter
 - Serial # display
 - Hardware and software info
 - Diagnostics
 - Volume control
 - Calculator
- Easy setup and take-down
- Can be updated to a stand-up machine if desired
- ETL - US and Canada safety approval; Australia and Europe authorization pending
- HQ technology and innovation; same mechanical system as our HQ18 Avante
- Hundreds of trained HQ Representatives throughout the world
- HQ customer service and warranty
